Proceedings of the Forty-third Annual Meeting of the Geological Society of America, held at Toronto, Canada, Monday, Tuesday, and Wednesday, December 29, 30, and 31, 1930; CHARLES P. BERKEY, *Secretary*..... 1
Session of Monday morning, December 29..... 6
Report of the Council..... 6
President's report..... 6
Secretary's report..... 9
Treasurer's report..... 12
Editor's report..... 14
Election of Auditing Committee..... 16
Election of officers, Representative, Correspondents, and Fellows.... 16
Necrology 18
Memorials 18
Memorial of Alja R binson Crook [with bibliography]; by O. C. Farrington 19
Memorial of John Sharshall Grasty [with bibliography]; by Poole Maynard..... 25
Memorial of Oliver Perry Hay [with bibliography]; by R. S. Lull 30
Memorial of Frank J. Katz [with bibliography]; by G. O. Smith. 49
Memorial of Peter McKellar [with bibliography]; by T. L. Tanton 52
Memorial of William Diller Matthew [with bibliography]; by H. F. Osborn..... 55
Memorial of George Perkins Merrill [with bibliography]; by Charles Schuchert..... 95
Memorial of Horace Bushnell Patton [with bibliography]; by G. M. Butler..... 122
Memorial of Rollin D. Salisbury [with bibliography]; by R. T. Chamberlin 126
Memorial of Claude Ellsworth Siebenthal [with bibliography]; by Waldemar Lindgren..... 138
Memorial of John Littlefield Tilton [with bibliography]; by D. B. Reger..... 147
Memorial of Gilbert Van Ingen [with bibliography]; by B. F. Howell 159
Memorial of Frank A. Wilder [with bibliography]; by H. F. Bain 163
Memorial of Frederick J. H. Merrill [with bibliography]; by Charles P. Berkey..... 165
Revision of the by-laws..... 172
Reports of official representatives..... 173
Report on the Division of Geology and Geography of the National Research Council; by Charles Palache, Representative..... 173
Announcement of the geologic facilities of the Library of Congress; by Alfred C. Lane..... 175
Announcement concerning XVI International Geological Congress; by W. C. Mendenhall..... 177
Address of welcome; by Sir Robert Falconer..... 179

Page

Session for the presentation of scientific papers 180
Titles and abstracts of papers 180
Age of the Maroon and Weber in central Colorado [abstract]; by David White 180
Relative ages of the Iowan and Wisconsin drift-sheets [abstract]; by G. F. Kay 181
Limitations in thickness of batholiths [abstract]; by A. C. Lane 181
Alluvial fan of Potomac River [abstract]; by M. R. Campbell ... 182
New light on the so-called Peorian interglacial epoch and the Iowan-Wisconsin glacial succession [abstract]; by M. M. Leighton 182
Atlas Mountains of Morocco [abstract]; by A. C. Lawson 182
Session of Monday afternoon 183
Titles and abstracts of papers 183
Experiments on the formation of wind-facetted pebbles [abstract]; by W. H. Schoewe 183
Distribution of organic matter in recent sediments [abstract]; by P. D. Trask and H. E. Hammar 184
Rocky Mountain structure in Alberta [abstract]; by O. B. Hopkins 185
Columbia River fault-scarp [abstract]; by E. T. Hodge 185
Geology of the Ventura quadrangle, California [abstract]; by P. F. Kerr, H. G. Schenck, and Siemon Muller 186
Reversal in direction of vertical component movement along faults [abstract]; by J. P. Buwalda 187
Address of the retiring President of the Mineralogical Society of America; Some associations of ore minerals; by H. E. Merwin 187
Titles and abstracts of papers 187
Experiments with sphalerite-chalcopyrite intergrowths [abstract]; by G. M. Schwartz 187
Replacement origin of the albite granite near Sparta, Oregon [abstract]; by James Gilluly 188
Relationship of chloride concentration in underground waters to subsurface temperature gradients [abstract]; by F. B. Plummer and E. C. Sargent 188
Adirondack magmatic stem [abstract]; by A. F. Buddington 189
Calcite-bearing diabase near Morton, Washington [abstract]; by G. E. Goodspeed 189
Evidence on the gravitational accumulation of olivine during the advance of a basaltic flow [abstract]; by R. E. Fuller 190
Meetings of Monday evening 190
Presidential address: Geology as an agent in human welfare; by R. A. F. Penrose, Jr. 190
Annual smoker 191
Session of Tuesday morning, December 30 191
Report of the Auditing Committee 191
Report on securities owned by the Geological Society 191
Titles and abstracts of papers 192

Page

Tertiary record of sequoia on Saint Lawrence Island, Alaska, [abstract]; by R. W. Chaney 192
Geology of the Bahamas [abstract]; by R. M. Field 193
Geology of southern Nicaragua [abstract]; by Carroll H. Wegemann 194
Zone of cavities and zone of continuity [abstract]; by R. T. Chamberlin 194
Seismic maps of the major earthquakes, 1899-1923 [abstract]; by C. A. Reeds 195
Central African volcanoes in 1929 [abstract]; by N. L. Bowen .. 195
Theory of Appalachian evolution [abstract]; by Douglas Johnston 196
Geophysics, a new tool for the geologist [abstract]; by E. De Golyer 196
Future of petroleum geology [abstract]; by Sidney Powers 197
Early Paleozoic seas of the Texas region [abstract]; by E. H. Sellards 197
Session of Tuesday afternoon 198
Titles and abstracts of papers 198
Readvances of the Wisconsin glacier in Maine [abstract]; by E. H. Perkins 198
Kames, kame terraces and delta plains of central Massachusetts [abstract]; by T. C. Brown 198
Eskers of central New York [abstract]; by G. H. Chadwick 199
Glaciation in northwestern Illinois [abstract]; by R. F. Flint ... 199
Erratic boulders of large size in the West Texas Carboniferous [abstract]; by P. B. King, C. L. Baker, and E. H. Sellards 200
Recession of last ice-sheet in the Toronto-Niagara region [abstract]; by F. B. Taylor 201
Distribution of drumlins and its bearing on their origin [abtract]; by F. B. Taylor 201
Recent deep borings in the Richmond basin, Virginia [abstract]; by Arthur Bevan 201
Block fault structures near Ticonderoga, New York [abstract]; by A. C. Swinnerton 202
Wisconsin tills-pattern as cosmically initiated [abstract]; by Charles Keyes 202
Address of the retiring President of the Paleontological Society: Environment in sedimentation and stratigraphy; by W. H. Twenhofel 203
Titles and abstracts of papers 203
Lower Cretaceous Gastroplites canadensis zone of the northern Canadian interior [abstract]; by F. H. McLearn 203
Upper and Middle Cambrian and older rocks of east-central Alaska [abstract]; by J. B. Mertie, Jr. 204
Upper Paleozoic glaciations of Australia [abstract]; by T. W. E. David and C. A. Sussmilch 205
Visit to Royal Ontario Museum 205
Annual dinner 205

Page

Presentation of the Penrose Medal of The Geological Society of America to F. A. A. Lacroix 206
Presentation address by C. P. Berkey 206
Response by Consul R. de le Sabliere, for Professor Lacroix 210
Session of Wednesday morning, December 31 213
Titles and abstracts of papers 213
Reversed cycles; by Freeman Ward 213
Our youthful scenery [abstract]; by G. H. Ashley 216
Geography of North American geology [abstract]; by C. N. Gould 216
Geology of the Gaspé Peninsula [abstract]; by W. A. Parks 216
Additional data on the geology of the Mingan Islands [abstract]; by W. H. Twenhofel 217
Buried Precambrian of Wisconsin [abstract]; by F. T. Thwaites. 218
Tertiary deposits of western Kentucky [abstract]; by J. K. Roberts 218
Tertiary magmatic sequences of the Front Range, Colorado [abstract]; by T. S. Lovering 219
Stratigraphy and structure of the upper Mississippi valley [abstract]; by A. C. Trowbridge and G. I. Atwater 219
Ordovician sections of Great Britain and American equivalents [abstract]; by R. M. Field 220
Meteorites (siderites or aerolites) in their relation to life [abtract]; by G. F. Kunz 221
Geological marking in the national, state and civic parks of the United States and Canada [abstract]; by G. F. Kunz 221
Diamonds in North America [abstract]; by G. F. Kunz 221
Sessions of Wednesday afternoon 223
Sectional meeting of Wednesday afternoon 223
Titles and abstracts of papers 223
Methods for sampling incoherent sands and determining their porosity [abstract]; by H. J. Fraser 223
Ordovician of Notre Dame Bay, Newfoundland [abstract]; by A. K. Snelgrove 223
Ordovician bentonite in Missouri [abstract]; by V. T. Allen 224
Hounsfield metabentonite [abstract]; by G. M. Kay 225
Lowest Cambrian of southern Quebec [abstract]; by T. H. Clark 225
Correlation of Montana Algonkian formations [abstract]; by C. H. Clapp and C. F. Deiss 226
Ring-dike of the Ossipee Mountains [abstract]; by L. Kingsley .. 227
Alteration as an end phase of igneous intrusion in sills on Loveland Mountain, Park County, Colorado [abstract]; by Q. D. Singewald 228
Petrography and parageneses of Gulf Coast salt dome, cap rock minerals [abstract]; by L. S. Brown 228
Evaluation of boundaries in the mapping of drift-sheets [abstract]; by M. M. Leighton and W. E. Powers 229
Flowage folds [abstract]; by G. W. Bain 229

Page

Structural geology of central Massachusetts [abstract]; by Eugene Callaghan 229
Thrust structure of the central Wasatch Mountains [abstract]; by A. A. L. Mathews 230
Structure of the San Carlos Mountains, Mexico [abstract]; by L. B. Kellum 230
Joint studies in the southwest and their bearing on tectonic history [abstract]; by F. A. Melton 231
Opemiska series [abstract]; by Carl Tolman 232
Geology of the Cockeysville marble belt along James River, central Virginia [abstract]; by A. S. Furcron 232
Ice action in Teays valley, West Virginia [abstract]; by J. J. Petty 233
Glaciation along the plateau front in New York [abstract]; by E. T. Apfel and C. D. Holmes 233
Structural geology of Kentucky [abstract]; by W. R. Jillson 234
Geology of the San Jacinto quadrangle, California [abstract]; by D. M. Fraser 235
Deposition features of the "Parting" quartzite near Alma, Colorado [abstract]; by Q. D. Singewald 235
Available relief as a factor of control in the profile of a land form [abstract]; by W. S. Glock 236
Spontaneous expansion [abstract]; by G. W. Bain 236
Regular session of Wednesday afternoon 237
Titles and abstracts of papers 237
Sea-bottom samples from the Cabot Strait earthquake zone [abstract]; by E. M. Kindle 237
Structures in Adirondack magnetites [abstract]; by D. H. Newland 238
Significance of transgression of Cretaceous Sea [abstract]; by F. B. Taylor 238
Origin of domes in Lincoln and Mitchell counties, Kansas [abstract]; by K. K. Landes and J. W. Ockerman 239
Oil traps [abstract]; by V. E. Monnett 239
Saint Lawrence (Cabot Straight) submarine trough [abstract]; by F. P. Shepard 240
Dinwoody glaciers [abstract]; by C. K. Wentworth and D. M. Delo 240
Structure and stratigraphy of a portion of the Minnesota Precambrian [abstract]; by U. S. Grant and J. T. Stark 241
Lavas of Elgon [abstract]; by E. J. Wayland and N. L. Bowen .. 241
Deformed orbitoids [abstract]; by Willard Berry 241
Storm rollers [abstract]; by G. H. Chadwick 242
Oneonta fade-out [abstract]; by G. H. Chadwick and J. W. Monahan 242
Catskill formation [abstract]; by G. H. Chadwick 242
Resolution of thanks adopted by the session 243
Resolution of approval of acts of the Council 243

Page
Resolution of thanks adopted by the Council 243
Register of the Toronto meeting 244
Lists of former officers and meetings, with dates 246
Articles of incorporation and by-laws of The Geological Society of America, Incorporated 251
Publication rules of The Geological Society of America 266
Officers, Correspondents, and Fellows of the Geological Society of America 271
Proceedings of the Twenty-ninth Annual Meeting of the Cordilleran Section of the Geological Society of America, held at Berkeley, California, February 20, 21, and 22, 1930; Ralph W. Chaney, *Secretary* 289
Sessions of February 20, 21, and 22 291
Election of officers 291
Titles and abstracts of papers 291
Geology of a portion of the Santa Ana Mountains, Orange County, California [abstract]; by Bernard N. Moore 291
Most ancient formations in the Klamath Mountains [abstract]; by Norman E. A. Hinds 292
Investigations of geological significance at the Scripps Institution of Oceanography [abstract]; by T. Wayland Vaughn 293
Frazier Mountain: a crystalline overthrust slab without roots, west of Téjon Pass, Southern California [abstract]; by J. P. Buwalda, C. L. Gazin, and J. C. Sutherland 294
Geological conditions at the Lafayette dam [abstract]; by George D. Louderback 295
Landslide family and its relations [abstract]; by Eliot Blackwelder 296
Concretions and geological research [abstract]; by R. D. Reed .. 296
Analcite diabase and related rocks in California [abstract]; by N. L. Taliaferro 296
Geology of the lead and zinc deposits of southwestern Europe [abstract]; by Harry V. Warren 297
Study of the San Adreas Rift and adjacent features near Redlands, California [abstract]; by George A. Cummings 298
Upper Triassic stratigraphy of the Hawthorne and Tonopah quadrangles, Nevada [abstract]; by Siemon Wm. Muller 298
Horizontal displacement along the San Andreas Fault in the Carrizo Plain, California [abstract]; by H. O. Wood, and J. P. Buwalda 298
Lava tree casts and tree molds [abstract]; by R. H. Finch 299
Tertiary deposits bordering the Simi Valley, California [abstract]; by W. P. Woodring 299
Do fault patterns indicate type of displacement? [abstract]; by Richard Joel Russell 300
Miocene brown shale of the Kettleman Hills wells, California [abstract]; by Hubert G. Schenck 300
Aqueous chilling of basaltic lava on the Columbia River plateau [abstract]; by Richard E. Fuller 301

Page
Geology of the Adelaida Quadrangle, California [abstract]; by W. Layton Stanton, Jr. ... 301
Symposium on relationships between Eocene and Oligocene of Great Valley, California ... 302
Kreyenhagen shales and the Lillis shale [abstract]; by F. M. Anderson ... 302
Stratigraphic problem of the Kreyenhagen shale, California [abstract]; by Olaf P. Jenkins ... 303
Stratigraphic relationships in the Mount Diablo area of the Upper Eocene deposits to those of the Oligocene [abstract]; by Bruce L. Clark ... 304
Eocene age of the Markley formation [abstract]; by Thomas Bailey ... 304
Stratigraphic relations of the Domengine and Markley formations in the Antioch, Vacaville and Napa quadrangles [abstract]; by Charles E. Weaver ... 305
Foraminifera of the Lillis shale [abstract]; by C. C. Church ... 305
Silicoflagellates from the Lillis shale [abstract]; by G. Dallas Hanna ... 306
Diatoms from the Lillis shale [abstract]; by G. Dallas Hanna ... 306
Subsequent faulting in the Great Basin [abstract]; by C. D. Hulin 307
Ice as a rock [abstract]; by Eliot Blackwelder ... 307
The Peacock Range, Arizona [abstract]; by W. M. Davis ... 308
Origin of caverns [abstract]; by W. M. Davis and Cecil Killingsworth ... 308
Elevated shorelines of the Santa Monica Mountains, California [abstract]; by W. M. Davis, W. C. Putnam and G. L. Richards 309
Synthetic sulphide replacement of ore minerals [abstract]; by J. C. Ray ... 310
Opal stalactites from a lava tube in Northern California [abstract]; by Charles A. Anderson ... 310
Petrology of the calcareous beds of San Pedro Hills, California [abstract]; by R. D. Reed ... 310
Recrystallization of xenoliths at Cornucopia, Oregon [abstract]; by G. E. Goodspeed ... 311
Dispersion of seismic waves of the Love type and the thickness of the surface layer of the earth under the Pacific [abstract]; by Perry Byerly ... 312
Geology of the northern half of the White Mountain Quadrangle of California-Nevada [abstract]; by George H. Anderson ... 312
Pleistocene lakes of the Basin Range Province [abstract]; by Eliot Blackwelder ... 313
Geology of the Soledad Quadrangle, Central California [abstract]; by F. A. Nickell ... 313
Geological section of the Ochoco Range and Silvies Plateau south of Canyon City, Oregon [abstract]; by R. L. Lupher ... 314
Structure of a portion of the southeast quarter of the Téjon Quadrangle, California [abstract]; by Thomas Clements ... 315

Page

Geology of the central portion of the Mount Pinos Quadrangle, Ventura and Kern counties, Southern California [abstract]; by C. Lewis Gazin 316
Geological history of Lone Hill, Santa Clara County, California [abstract]; by Austin F. Rogers 316
Age of the Horsetown Beds of California [abstract]; by Frank M. Anderson 317
Tundra climate land forms in the United States [abstract]; by Richard Joel Russell 318
Geology of Mount Jura, California [abstract]; by C. H. Crickmay 318
Distribution of crystals among the thirty-two Symmetry classes [abstract]; by Austin F. Rogers 319
Annual dinner 320
Register of the 1930 meeting 320
Proceedings of a joint session of Section E of the American Association for the Advancement of Science and Members of the Geological Society of America, held at Cleveland, Ohio, January 1 and 2, 1931; Kirtley F. Mather, *Secretary* 321
Session of Thursday, January 1, 1931 322
Report of the Secretary 322
Titles and abstracts of papers 323
Bedrock footings for dams in the upper Mississippi Valley [abstract]; by Arthur C. Trowbridge 323
Current investigations of oil-field waters; by Fred B. Plummer 323
Berea sandstone and Euclid bluestone quarries in the vicinity of Cleveland [abstract]; by Frank R. Van Horn 323
Textual features of the Saint Peter sandstone of Arkansas [abstract]; by Albert W. Giles 323
Erosion surfaces in eastern Ohio [abstract]; by Karl Ver Steeg 324
Caverns and associated features in the Valley of Virginia [abstract]; by Arthur Bevan 324
Loess deposits and their nomenclature [abstract]; by M. M. Leighton 325
Glaciation northeast of Yellowstone National Park [abstract]; by Arthur Bevan 325
Geological evidences of early man in America [abstract]; by H. J. Cook 326
Aquatic dinosaur from the Niobrara of western Kansas [abstract]; by M. G. Mehl 326
Foraminifera and ostracoda from the Sundance (Jurassic) of Wyoming [abstract]; by Philip Morey 327
Correlation of continental drift theories and earth's magnetic poles and foci [abstract]; by D. W. Longfellow 327
Current theories of earth origin [abstract]; by Kirtley F. Mather 328
Fourth Greenland expedition of the University of Michigan [abstract]; by William H. Hobbs 328

Page

Determining the thickness of glacial drift by seismic means [abstract]; by L. Don Leet 329
Dinwoody formation of western Wyoming [abstract]; by H. Glenn Walter 329
Brazer formation of northern Utah and its telotremata [abstract]; by F. Gunnell 330
Sedimentation as a record of environment [abstract]; by Carroll Lane Fenton and Mildred Adams Fenton 330
Fish remains of the western interior Triassic [abstract]; by E. B. Branson and M. G. Mehl 330
New bird record from the Dakota sandstone of Colorado [abstract]; by M. G. Mehl 331
Mississippian and Pennsylvanian conodonts from Missouri [abstract]; by F. Gunnell 331
Classification and duration of the Pleistocene Period; by G. F. Kay 332
Session of Friday, January 2, 1931 332
Titles and abstracts of papers 332
Petrographic study of sandstone members in the Jefferson City and Cotta formations at Rolla, Missouri [abstract]; by O. R. Grawe and James S. Cullison 332
Physical analysis of the Chugwater formation [abstract]; by Raymond M. Trowbridge 332
Causal relationships of high eastward equatorial winds and related phenomena [abstract]; by Bert Russell 333
Faults on the eastern flank of the Wind River Mountains, Wyoming [abstract]; by Charles D. Gleason 333
Retreat of the front of the last ice-sheet across New York and New England [abstract]; by Frank B. Taylor 333
Proceedings of the Twenty-second Annual Meeting of the Paleontological Society, held at Toronto, Canada, December 29-31, 1930; B. F. Howell, *Secretary* 335
Session of Monday, December 29 338
Report of the Council 338
Secretary's report 338
Treasurer's report 340
Appointment of Auditing Committee 341
Election of members 341
New nominations and election to membership 342
Election of Correspondents 342
Election of Fellows 343
Amendment of the Constitution 343
Memorial of J. F. Pompeckj 343
Memorial of W. D. Matthew 343
Report of Committee on Increased Publication Facilities 344
Report of Service Committee 345
Presentation of papers 346
Titles and abstracts 346

Page

Announcement of a new locality of Cambrian trilobites in Montana [abstract]; by C. F. Deiss 346
Cambrian *"Paradoxides"* fauna of northwestern Vermont [abstract]; by B. F. Howell 346
New fauna and flora from the Percé area, Quebec [abstract]; by Cecil H. Kindle 347
Philipsburg series of southern Quebec [abstract]; by H. W. McGerrigle 347
Naylor ledge, a marine limestone of Canadian age filling caverns in Upper Ozarkian formations [abstract]; by E. O. Ulrich 348
Are the graptolites bryozoans? [abstract]; by E. O. Ulrich and R. Ruedemann 349
Session of Tuesday, December 30 349
Election of officers 349
Election to membership of additional nominations 350
Appointment of Committee on Stratigraphic Paleontology 350
Presentation of papers 351
Titles and abstracts 351
Lexington-Cynthiana-Eden relationships in central Kentucky [abstract]; by Arthur C. McFarlan 351
Graptolites of the Niagaran strata of Michigan [abstract]; by G. M. Ehlers and Julia Wilson Brown 351
Faunal list from the type section of the Bainbridge limestone of Missouri [abstract]; by John Rice Ball 352
Atrypa as a horizon marker [abstract]; by Carroll Lane Fenton and Mildred Adams Fenton 352
Oriskany at Susquehanna Gap, Pennsylvania [abstract]; by Bradford Willard 353
Sedimentary structures in the Chemung of Allegany County, New York [abstract]; by E. R. Eller 353
Proposed illustrated catalogue of the Devonian fossils of North America [abstract]; by E. M. Kindle 354
Appointment of Committee on Catalogue of North American Fossils .. 354
Presentation of papers 355
Titles and abstracts 355
Importance of the evolution of certain Ammonoid genera in Pennsylvanian and Permian stratigraphy [abstract]; by F. B. Plummer and Gayle Scott 355
Evolution of the family Prolecanitidæ in the North Texas Pennsylvanian [abstract]; by Gayle Scott and F. B. Plummer 355
Echinoid fragments as index fossils [abstract]; by Jerome S. Smiser 356
Pennsylvanian section in western Illinois, by Harold R. Wanless 356
Memorial of J. L. Tilton 357
Announcements by Dr. Moore 357
Presidential address "Environment in sedimentation and stratigraphy"; by W. H. Twenhofel 357
Presentation of papers 357

Page
Titles and abstracts 357
Lower Cretaceous *Gastropolites canadensis* zone in the northern Canadian interior, by F. H. McLearn 357
Upper and Middle Cambrian and older rocks of east-central Alaska, by J. B. Mertie, Jr. 357
Upper Paleozoic glaciations in Australia, by T. W. Edgeworth David and C. A. Sussmilch 357
Session of Wednesday, December 31 358
Presentation of papers 358
Titles and abstracts 358
Bioherms in the Borden Group of Indiana [abstract]; by Paris B. Stockdale 358
Genus *Soleniscus* Meek and Worthen [abstract]; by J. B. Knight. 358
Triassic correlation [abstract]; by A. A. L. Mathews 359
Interpretation of the marine environment of the Upper Cretaceous of the Prairie Provinces based on the foraminiferal faunas [abstract]; by R. T. D. Wickenden 360
Studies in paleobiology [abstract]; by Carroll Lane Fenton and Mildred Adams Fenton 360
Further evidence of a warm interglacial period on the Atlantic Coast [abstract]; by Horace G. Richards 361
Bothriolepis slab from northeast Pennsylvania [abstract]; by George Halcott Chadwick 361
Devonian fishes of eastern Canada [abstract]; by Loris S. Russell 361
Permian vertebrate tracks in West Virginia [abstract]; by John L. Tilton 362
Environment of dinosaur tracks in the Peace River Canyon [abtract]; by F. H. McLearn 362
Lower Cretaceous dinosaur tracks in Peace River Canyon, British Columbia [abstract]; by C. M. Sternberg 362
Two ichthyosaur localities in British Columbia [abstract]; by C. M. Sternberg 363
Resolution of thanks 363
Presentation of papers 363
Titles and abstracts 363
Diatryma, the giant Eocene bird [abstract]; by E. L. Troxell 363
Quaternary antelopes of Shelter Cave, New Mexico [abstract]; by Chester Stock 364
Exploration of Gypsum Cave, Nevada [abstract]; by Chester Stock 364
Ancient artifacts and associated fossils from eastern Colorado [abstract]; by Harold J. Cook 364
Pleistocene floras of the San Francisco Bay region [abstract]; by Herbert L. Mason 365
Minutes of the meeting of the Pacific Coast Branch of the Paleontological Society 365
Election of officers 365
Presentation of papers 365

Page

Titles and abstracts 366
Importance of the genotype in taxonomy [abstract]; by U. S. Grant, IV 366
Comstock flora of Oregon [abstract]; by Ethel I. Sanborn 366
Critical observations on the phylogeny of the rhinoceroses [abstract]; by W. D. Matthew 366
Miocene mammalian fauna from southeastern Oregon [abstract]; by C. Lewis Gazin 367
Occurrence and relationship of *Galeodea* in the Oligocene of Washington [abstract]; by Nellie May Tegland 367
New insectivores from the Lower Paleocene [abstract]; by T. Emmett Reynolds 368
Larger foraminifera [abstract]; by T. Wayland Vaughn 368
Cambrian algal reefs of Texas [abstract]; by A. H. Deen 368
Cephalopods of the genus *Aturia* from western North America [abstract]; by Hubert G. Schenck 369
Age and affinities of the Lamar Valley flora [abstract]; by Charles B. Read 369
Corals of the Genus *Caryophyllia* from California [abstract]; by Ernest H. Quayle 369
Occurrence of human remains in Conkling Cavern, New Mexico [abstract]; by Chester Stock 370
Upper Eocene Orbitoidal Foraminifera from the Santa Ynez Range, California [abstract]; by W. P. Woodring 370
Recent Gulf Coast Foraminifera of Texas and Louisiana [abstract]; by M. M. Kornfeld 371
Eocene algæ and stellate Orbitoids from the Santa Ynez Range, California [abstract]; by Richard N. Nelson and Hubert G. Schenck 371
Register of the Toronto meeting, 1930 371
Officers, Correspondents, and members of the Paleontological Society 373
Proceedings of the Eleventh Annual Meeting of the Mineralogical Society of America, held at Toronto, Canada, December 29 and 30, 1930; Frank R. Van Horn, *Secretary* 385
Session of Monday afternoon, December 29 385
Election of officers and Fellows 386
Report of the Secretary 386
Report of the Treasurer 387
Report of the Editor 387
Report of the New Committee on Nomenclature and Classification of Minerals 387
Report of the representative on the National Research Council 388
New business 388
Memorial biographies 388
Presentation of papers 388
Joint session with the Geological Society of America, December 29 389
Session of Tuesday morning, December 30 389
Presentation of papers 389

Page
Session of Tuesday afternoon, December 30 391
Presentation of papers 391
Vote of thanks 392
Geology as an agent in human welfare; Presidential Address by R. A. F. Penrose, Jr. 393
Environment in sedimentation and stratigraphy; Presidential Address by W. H. Twenhofel 407
Classification and duration of the Pleistocene Period; Vice-Presidential Address by George F. Kay 425
Kames and kame terraces of central Massachusetts; by Thomas C. Brown 467
Upper Paleozoic glaciations of Australia; by T. W. E. David and C. A. Süssmilch 481
Tertiary deposits of western Kentucky; by J. K. Roberts 523
Our youthful scenery; by G. H. Ashley 537
Permian vertebrate tracks in West Virginia; by J. L. Tilton 547
Sea-bottom samples from the Cabot Strait earthquake zone; by E. M. Kindle 557
Geology of the Mingan Island; by W. H. Twenhofel 575
Are the geopolites bryozoans? by E. O. Ulrich and R. Ruedemann 589
Dinwiddy glaciers, Wind River mountains, Wyoming; with a brief survey of existing glaciers in the United States; by C. K. Wentworth and D. M. Delo 605
Early Silurian formations of southeastern Pennsylvania; by C. K. Swartz and F. M. Swartz 621
Minford silts of southern Ohio; by Wilber Stout and Downs Schaaf 663
Correlation of Montana Algonkian formations; by C. H. Clapp and C. F. Deiss 673
Oriskany at Susquehanna Gap, Pennsylvania; by Bradford Willard 697
Bioherms in the Borden group of Indiana; by P. B. Stockdale 707
Buried Pre-cambrian of Wisconsin; by F. T. Thwaites 719
Ordovician sections of Great Britain and their American equivalents; by R. M. Field 751
Geology of the Bahamas; by R. M. Field and Callaborators 759
Geology of the Gaspé Peninsula; by W. A. Parks 785
Pennsylvanian section in western Illinois; by H. R. Wanless 801
Size of batholiths; by Alfred C. Lane 813
Alluvial fan of Potomac River; by M. R. Campbell 825
Saint Lawrence (Cabot Strait) submarine trough; by F. P. Shepard 853
Pleistocene glaciation in the Sierra Nevada and Basin ranges; by E. Blackwelder 865
